## PRAIRIE SPIRIT SCHOOL DIVISION

*Due to the impending retirement of our current Superintendent, the Board of Trustees of the Prairie Spirit School Division invites applications for the position of Superintendent of Schools. Duties to commence February 1, 2020, or as mutually agreed.*

### ***The Division***

Prairie Spirit is focussed on providing a comprehensive and thorough education to each student in our Division. Our students leave us with the tools to be successful in the workplace, post-secondary education, and in their life goals. High-quality instruction is delivered in 29 schools by approximately 180 teachers with assistance from 200 dedicated support staff. Prairie Spirit is a strong proponent of small school education and blended learning models in a technology-rich environment.

The Division, in south-central Manitoba, includes a variety of school configurations and enrollments. There are 14 Hutterite community schools included in the Division that are all K-12 schools. The nine-member Board is committed to an informed governance model with the Superintendent and Secretary-Treasurer being their only two employees. This is a dual-track senior management model with extensive collaboration between the Superintendent and Secretary-Treasurer.

The yearly operating budget for the Division is \$29,000,000.
